

Computer Science BS
(Fall 2014 start, no co-op, begin with CS 181)

FALL		SPRING		SUMMER	
TERM 1		TERM 2			
MA 121 followed by MA 122	Differential Calculus Integral Calculus	MA 123 followed by MA 124	Series, Vectors, Functions, and Surfaces Calculus of Two Variables		
CS 181	Intro Computer Science, Honors I Science I	CS 182	Intro Computer Science, Honors II Science II Science Lab		
CS 146	Intro Web Programming & Project Development	CS 135	Discrete Structures		
CAL 103/105	Humanities	CAL 105/103	Humanities		
PE 200	Phys. Ed. I	PE 200	Phys. Ed. II		
TERM 3		TERM 4			
CS 392	Systems Programming	CS 522 or CS 546 or CS 548	Mobile Systems & App or Web Programming or Enterprise Software Architecture & Design		
BT 353	Project Management	CS 496	Principles of Programming Languages		
CS 334	Automata & Computation	CS 347	Software Development Process		
CS 383	Computer Organization & Programming	MA 222	Probability & Statistics		
HUM	Humanities 200 level	HUM	Humanities 300 level		
PE 200	Phys. Ed. III	PE 200	Phys. Ed. IV		
TERM 5		TERM 6			
CS 442	Database Mgmt. Systems	CS 492	Operating Systems		
CS 443	Database Practicum		Free elective		
HSS 371 or HPL 455	Computers and Society or Ethical Issues in Science and Technology	CS	Technical elective		
MA 331	Intermediate Statistics		Science/Math elective		
CS 511	Concurrent Programming	HUM	Humanities elective		
TERM 7		TERM 8			

CS 423	Senior Design I	CS 424	Senior Design II		
CS 306	Intro to IT Security	CS	Technical elective		
CS	Software development elective	HUM	Humanities elective		
	Science/Math elective		Free elective		
CS 485	Societal Impact of Information Technologies				
HUM	Humanities elective		Free elective
