Stevens Institute of Technology
2nd Annual Mathematics Awareness Month Celebration
April 19, 2006
In the Babbio Building, on the Stevens Campus
Hoboken, N.J.

Sponsored by:
The Mathematics Department and the
Office of University Research and Enterprise Development

Festivities start at 4:30pm with:

- **Renown expert** in the Math Awareness Theme - Dr. Rebecca Wright, Stevens Institute of Technology - presents: *"The Mathematics of Cryptography"*
- **Key Note Speakers** discuss *"PI and Supercomputers"* - world class mathematicians Dr. Gregory Chudnovsky and Dr. David Chudnovsky, Polytechnic University, have calculated PI to a billion decimal places in search of patterns.
- Presentation of the High School Mathematics Competition Prizes for "The History of PI."
- **Announcement** of a Mathematical Competition for Undergraduates/graduate students with prize money – Attendance is required in order to enter.
- Event ends with an in-door barbeque in the Babbio Atrium
- **Attendance Free** - but registration is required! -Please RSVP by e-mail to: djaramil@stevens.edu by April 7, 2006.
