

THE
POWER OF
STEVENS
OUR CAMPAIGN.
OUR IMPACT.

HELPING HAND

"The Pinnacle Scholarship encouraged me to delve into research as soon as I could, and allowed me to live on campus through the summer and complete a challenging research project in the Sensorimotor Control Laboratory."

—KATIE VAN ORDEN '19

Katie Van Orden '19 dreams of creating better prosthetics—and has already begun creating them, thanks to scholarship support.

Supported by a Pinnacle Scholarship — a program created to reward top Stevens students with travel, study and research opportunities — Katie spent the summer following her freshman year in Professor Ramana Vinjamuri's lab, prototyping a human-hand exoskeleton with three-dimensional printers. We empower students to do their very best through both need-based and merit-based support. Scholarships help us recruit exceptional students like Katie Van Orden, and enable them to discover new opportunities to grow both personally and intellectually.

STUDENT SUCCESS.
THAT'S THE POWER OF STEVENS.
